When you need drugs you need the best and it pays to know that you get what you pay for.

That is something you can always be sure about when we supply your drugs and medicines; because we take no chances; we make it our business to know that the drugs we dispense are reliable.

We are equally careful to make the price right. They are reasonable, uniform and alike to everybody.

## SHIPLEY CLOSSES DOORS LAST NIGHT

### Judge Bernetha Decided That Liquor License Was Not Granted Until Taken Out—Decision Covers Case

The Shipley saloon on north Michigan street, one of the last three to go out of business in Plymouth, closed its doors at 11 o'clock Tuesday evening to remain closed. Shortly before a telegram had been received by Edward Shipley, the proprietor, that Judge Bernetha, at Chambers in Rochester had decided against him, in his suit to determine whether he should have closed his doors on June 2 or to be permitted to run until December 5. The suit was brought in the form of an injunction against Otis Kebert, the marshal of the city of Plymouth, and H. L. Unger prosecuting attorney of this the 11th Judicial district, to prevent them from seizing liquors which he had in his possession. The question to be decided was whether the liquor license went into effect when it was granted by the commissioners, or when it was paid for and taken out by Shipley. The license was granted by the commissioners on October 6th, 1908, but was not taken out until December 5th. Between that time the local option law went into effect by proclamation of the governor with its ninety day closing clause, which was affected
